We are at your service anytime

You are welcome to contact us with any questions. You will find all contacts and information about our offers on our website: www.research-school.rub.de

You decide what is important!

All Research School offerings are voluntary. With our research-related and interdisciplinary workshops and events, you can design your personal doctoral skillset and reflect on your career perspective.

Research School Certificate

You can make your doctoral activities visible through a Research School certificate. It lists your attended workshops and events as well as conference participations at home and abroad.

RUB Research School

RUB Research School is the campus-wide institution of all faculties to promote and support doctoral and postdoctoral researchers of Ruhr-Universität Bochum. We offer a complementary, target group-specific qualification, consulting and internationalization program. Together with the faculties, this offer supports doctoral researchers in their doctorate and prepares them for a career in academia and beyond. Additionally, RUB Research School promotes the interdisciplinary exchange of doctoral researchers on campus.

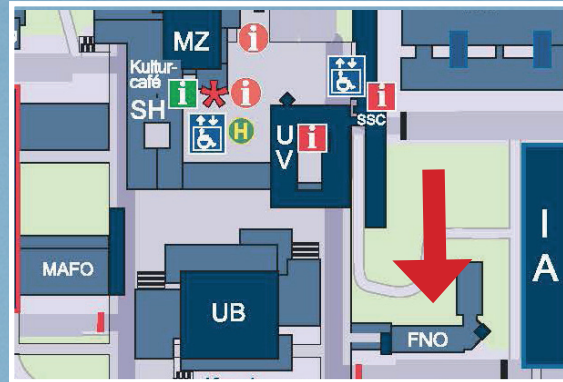

All of RUB'S doctoral researchers are enrolled and, thus, concurrently members of RUB Research School. They can use the services of RUB Research School free of charge.

RUB Research School is part of Research Academy Ruhr (RAR), which provides further offers for early career researchers at University Alliance (UA) Ruhr.

Information and contact details can be found on the RUB Research School website: www.research-school.rub.de
